Competition law compliance – DO's and DON'Ts

DO's

To ensure that no violation of competition law occurs in the context of a meeting please observe the following protocol, together with the chairperson:

PREPARATION OF THE MEETING

- ✓ The agenda and meeting documents must not include issues relevant to competition law

DURING THE MEETING

- ✓ Discussions should be limited to the agenda topics that were sent in advance
- ✓ Take minutes of the full meeting
- ✓ In the instance of a spontaneous statement relevant to competition law, you must respond immediately:
 - Actively dissociate yourself from the discussion
 - Point out to participants that this issue must not be discussed
 - If necessary, postpone the discussion until you have received the legal clarifications
 - If the discussion continues, notify your objection to the proceedings, suspend the meeting or leave the meeting space. Any action taken in this regard must be recorded in the minutes
 - Inform the legal counsel of Plastics Europe or your company about the incident

AFTER THE MEETING

- ✓ The minutes of meetings should be short, concise and straightforward

DON'Ts

Employees of competing companies are not allowed to formally or informally discuss, exchange information or make arrangements regarding any of the following points:

PRICES, in particular:

- ✗ Pricing, price differences and pricing strategies
- ✗ Individual sales and payment terms; individual discounts, credits and credit conditions

PRODUCTION, in particular:

- ✗ Individual production or sales costs, costing formulas, methods of cost calculation, costs of production, acquiring, inventory, sales, etc. of products or product groups
- ✗ Changes in production, e.g. for maintaining or limiting the market supply of a product

TRANSPORTATION, in particular:

- ✗ Rates or rate policies for individual shipments, including basing point systems, zone prices, freight, etc.

FUTURE MARKET BEHAVIOUR, in particular:

- ✗ Plans of individual companies concerning technology, investment, design, production, distribution and marketing of certain products
- ✗ Agreement on market allocation either geographically or by customers
- ✗ Matters related to actual or potential suppliers or customers, particularly if this might have the effect of excluding them from any market or influencing the business conduct of other companies toward them
- ✗ 'Blacklists' or boycotts of customers, competitors or suppliers

- 2024 Commitment zur Zertifizierung der Standorte von Mitgliedern von PE AISBL

Sechs Säulen von OCS®

1. Improve our worksite(s) set-up to prevent spills.

2. Have in place internal procedures towards zero pellet loss goals;

3. Provide employees training and accountability for spill prevention, containment, clean-up and disposal

4. Audit our performance regularly

5. Comply with all applicable local and national regulations governing pellet containment;

6. Encourage our partners (contractors, transporters, distributors, etc.) to join the programme as well.
