

Brussels, **XXX**
[...](2026) **XXX** draft

PART 2/2

COMMISSION IMPLEMENTING REGULATION (EU) .../...

of **XXX**

**amending Regulation (EU) 2017/460 establishing a network code on harmonised
transmission tariff structures for gas**

(Text with EEA relevance)

This draft has not been adopted or endorsed by the European Commission. Any views expressed are the preliminary views of the Commission services and may not in any circumstances be regarded as stating an official position of the Commission.

COMMISSION IMPLEMENTING REGULATION (EU) .../...

of XXX

amending Regulation (EU) 2017/460 establishing a network code on harmonised transmission tariff structures for gas

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EU) 2024/1789 of the European Parliament and of the Council of 13 June 2024 on the internal markets for renewable gas, natural gas and hydrogen, amending Regulations (EU) No 1227/2011, (EU) 2017/1938, (EU) 2019/942 and (EU) 2022/869 and Decision (EU) 2017/684 and repealing Regulation (EC) No 715/2009¹, and in particular Article 71(2), point (d), thereof,

Whereas:

- (1) In order to ensure that the reference price methodology appropriately reflects the introduction of the balance-of-the-month standard capacity product by [recast CAM network code - Commission Implementing Regulation (EU) 2026/xxx²] and to provide for a tariff treatment that is proportionate to the duration and characteristics of that product, it is necessary to establish a specific tariff multiplier applicable to that standard capacity product.
- (2) As the balance-of-the-month standard capacity product covers a period longer than one day and shorter than one month, the applicable tariff multiplier should be set by the national regulatory authority within the range between the tariff multiplier applicable to daily standard capacity products and that applicable to monthly standard capacity products.
- (3) The measures provided for in this Regulation are in accordance with the opinion of the Committee established by Article 91 of Directive (EU) 2024/1788,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EU) 2017/460 is amended as follows:

1. in Article 13(1), the following point is added:

‘(c) for balance-of-the-month standard capacity products, the level of the respective multipliers shall be between the daily multiplier set in accordance with point (b) and the monthly multiplier set in accordance with point (a) or, where those multipliers are the same, equal to those multipliers.’;

-

¹ OJ L, 2024/1789, 15.7.2024, ELI: <http://data.europa.eu/eli/reg/2024/1789/oj>.

² Commission Implementing Regulation (EU) 2026/xxx of [date] establishing a network code on capacity allocation mechanisms in natural gas transmission systems, and repealing Regulation (EU) 2017/459.

2. in Article 14, point (a), the introductory wording is replaced by the following:
- ‘for quarterly standard capacity products, for monthly standard capacity products, for balance-of-the-month standard capacity products and for daily standard capacity products, in accordance with the following formula:’;
3. in Article 15, paragraph 4 is replaced by the following:
- ‘4. For balance-of-the-month standard capacity products for firm capacity, for daily standard capacity products for firm capacity and within-day standard capacity products for firm capacity, the seasonal factors shall be calculated by carrying out the steps set out in paragraph 3, points (f) to (h), *mutatis mutandis*.’.

Article 2

This Regulation shall enter into force on the on the twentieth day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels,

For the Commission
The President
Ursula VON DER LEYEN
