(Text with EEA relevance)

#### THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 850/2004 of the European Parliament and of the Council of 29 April 2004 on persistent organic pollutants and amending Directive  $79/117/\text{EEC}^1$ , and in particular Articles 7(4)(a) and (5) and 14 thereof,

Whereas:

- (1) Regulation (EC) No 850/2004 implements in the law of the Union the commitments set out in the Stockholm Convention on Persistent Organic Pollutants (hereinafter "the Convention") approved by Council Decision 2006/507/EC of 14 October 2004 concerning the conclusion, on behalf of the European Community, of the Stockholm Convention on Persistent Organic Pollutants<sup>2</sup> and in the Protocol to the 1979 Convention on Long-Range Transboundary Air Pollution on Persistent Organic Pollutants (hereinafter "the Protocol") approved by Council Decision 259/2004/EC of 19 February 2004 concerning the conclusion, on behalf of the European Community, of the Protocol to the 1979 Convention on Long-Range Transboundary Air Pollution 259/2004/EC of 19 February 2004 concerning the conclusion, on behalf of the European Community, of the Protocol to the 1979 Convention on Long Range Transboundary Air Pollution on Persistent Organic Pollutants<sup>3</sup>.
- (2) At the fourth meeting of the Conference of the Parties to the Convention on 4 8 May 2009, it was agreed to add chlordecone, hexabromobiphenyl, hexachlorocyclohexanes, including lindane, pentachlorobenzene, tetrabromodiphenyl ether, pentabromodiphenyl ether, hexabromodiphenyl ether and heptabromodiphenyl ether (hereinafter "polybrominated diphenyl ethers"), as well as perfluorooctane sulfonic acid and its derivatives (hereinafter "PFOS") to the Annexes to the Convention.
- (3) On 24 August 2010, Regulation (EC) No 850/2004 was amended by Regulation (EU) No 756/2010, listing these substances in Annexes IV and V.
- (4) In view of concerns regarding the completeness and representativeness of scientific information on quantities and concentrations of PFOS and the polybrominated diphenyl ethers in articles and wastes, those substances were provisionally listed in Annexes IV and V without an indication of the maximum concentration limits.
- (5) Additional scientific information has now been assessed. It is necessary to establish maximum concentration limits for these persistent organic pollutants without undue delay in order to ensure a uniform application of Regulation (EC) No 850/2004 and avoid a continuous release of those substances into the environment.

<sup>&</sup>lt;sup>1</sup> OJ L 158, 30.4.2004, p. 7.

<sup>&</sup>lt;sup>2</sup> OJ L 209, 31.7.2006, p. 1.

<sup>&</sup>lt;sup>3</sup> OJ L 81, 19.02.2004, p. 35.

- (6) At its 27th Session from 14 to 18 December 2009, the Executive Body of the Protocol decided to add hexachlorobutadiene, polychlorinated naphthalenes, and short-chain chlorinated paraffins (hereinafter "SCCPs") to the Protocol.
- (7) At its fifth meeting from 25 to 29 April 2011, the Conference of the Parties to the Convention agreed to add endosulfan to the list of POPs to be eliminated worldwide, with some exemptions.
- (8) In view of the Decisions taken by the Protocol and the Convention, it is necessary to update Annexes IV and V to Regulation (EC) No 850/2004 in order to include those substances.
- (9) Regulation (EC) No 850/2004 should therefore be amended accordingly.
- (10) In order to allow companies and administrations sufficient time to adapt to the new requirements of this Regulation, it shall apply six months after the date of its publication in the Official Journal of the European Union.
- (11) The measures provided for in this Regulation are in accordance with the opinion of the Committee established by Article 39 of Directive 2008/98/EC<sup>4</sup>,
- HAS ADOPTED THIS REGULATION:

#### Article 1

Regulation (EC) No 850/2004 is amended as follows:

- (1) Annex IV is replaced by Annex I to this Regulation.
- (2) Annex V is amended in accordance with Annex II to this Regulation.

### Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from six months after the date of its publication in the Official Journal of the European Union. [*To be filled in by OPOCE with the date following the indications from DG*].

This Regulation shall be binding in its entirety and directly applicable in all Member States. Done at Brussels,

> For the Commission The President José Manuel BARROSO

(1) These limits apply exclusively to a landfill site for hazardous waste and do not apply to permanent underground storage facilities for hazardous wastes, including salt mines.

- (2) Any waste marked with an asterisk <sup>\*</sup> is considered as hazardous waste pursuant to Directive 2008/98/EC and subject to the provisions of that Directive.
- (3) The calculation method laid down in European standards EN 12766-1 and EN 12766-2 shall apply.
- (4) The limit is calculated as PCDD and PCDF according to the following toxic equivalency factors (TEFs):

| PCDD                | TEF    |
|---------------------|--------|
| 2,3,7,8-TeCDD       | 1      |
| 1,2,3,7,8-PeCDD     | 1      |
| 1,2,3,4,7,8-HxCDD   | 0,1    |
| 1,2,3,6,7,8-HxCDD   | 0,1    |
| 1,2,3,7,8,9-HxCDD   | 0,1    |
| 1,2,3,4,6,7,8-HpCDD | 0,01   |
