

Help send Ukrainian Children to Summer Camps in Europe

Fundraiser by the European Travel Industry

Every child deserves a safe and joyful summer

For children living through war, a summer camp in Europe is far more than a holiday. It is a chance to feel safe, make new friends, laugh, play, and simply be a child again.

For the third consecutive year, the European travel industry is helping make this possible by organising summer camps for Ukrainian children. The camps are run entirely by volunteers from European travel trade associations, while accommodation, meals, activities, and excursions are generously provided by industry partners.

To make these life-changing experiences possible, we are **raising funds to cover the coach transport** that will bring the children safely from Ukraine to the camps.
