

Benefits for AUSTRIAPRO Members

Access to a unique expert platform in the field E-Business standards

AUSTRIAPRO members are actively involved in industry specific working groups and the corresponding international fora in the field of e-business standards.

Membership advantages include:

- Members are part of an Austria-wide exclusive network granting access to unique information concerning e-business relevant matters.
- All members regularly receive up-to-date information on providers of standardized e-business-software.
- Access to up-to-date know-how through direct involvement in the work of international standardizing bodies.
- Close cooperation with the chamber's E-Center allows for efficient information access (events, campaigns).
- Special seminars and events to improve skills and qualifications of IT- staff in member companies.
- AUSTRIAPRO e-business experts provide professional advice and contacts to potential project partners.
