

**VI Council on Energy in BiH with international participation**  
**Energy efficiency and renewable energy in praxis, the energy turn path (*Energiewende*)**

After successful organisation of previous five Councils with more than **500 participants** and almost 200 published papers, bearing in mind that Laws on energy efficiency in FBiH and RS were adopted, more than ever, there is a need to exchange expert opinions in the field of energy efficiency (EE) and renewable energy sources (RES). In the atmosphere of positive changes in BiH in the field of sustainable development, we are honoured and pleased to announce the **VI Council in the period 28-29 of September 2017 in Neum**.

Expected participants of the **VI Council** are **representatives of ministries / institutions** responsible for energy supply, energy efficiency and renewable energy sources and environmental protection, equipment and building materials manufacturers in the field of EE and technology for the use of RES; **representatives of international and local organizations** which implement projects in the field of EE and RES; **experts and managers** from energy organizations, industry, buildings and transport, scientific and financial institutions; **representatives of local communities; Investors in EE and RES** and **NGOs**.

In framework of the VI Council, participants have the opportunity to write professional papers that will be published in the Conference Proceedings. We are convinced that general public will recognize the importance of this event. All interested participants should be timely registered.

Thematic areas, instructions for writing papers, application forms for participation, important dates and other information regarding the event are available on [www.ceteor.ba](http://www.ceteor.ba), or following contacts:

- Vedad Suljić - **Project Manager of the VI Council**: +387 33 563 592 or [vsuljic@ceteor.ba](mailto:vsuljic@ceteor.ba)
