10. Stars must be granted/confirmed only after a **control**;

18. Whenever **research on consumer expectations** in relation to classification is carried out in one country, it is desirable that the results are made available to all HOTREC member associations;
19. When classification systems are set up/reviewed, **equipment and service criteria should be emphasised** in order to facilitate European and international harmonisation efforts;
20. When classification systems and criteria are set up/reviewed, **cooperation with other countries** is encouraged in order to facilitate European and international harmonisation efforts;
21. Classification systems should always involve the hospitality industry. In the countries, where the classification system is regulated and/or operated by public authorities, it is essential that the public authorities work in **close partnership** with the private sector.
