

## **Bojan Jovanovski**

Bojan Jovanovski holds a PhD in Industrial Engineering and Management, with focus on Innovation Management. He is researching, teaching and developing policies in the area of Innovation, Entrepreneurship, Entrepreneurial Learning, since 2008. He has been involved in the establishment and development of the Ss. Cyril and Methodius Business Start-up Centre, and has co-founded the NGO National Centre for Development of Innovation and Entrepreneurial Learning - Skopje. He was a teaching and research assistant at the Faculty of Mechanical Engineering, Ss. Cyril and Methodius University in Skopje since 2011, until 2018 when he joined the team of FH JOANNEUM.

He has been involved in more than 30 international and many national projects, resulting with: creation of >50 start-ups, development of high-school curricula, trainings for companies, young professionals and potential entrepreneurs and high-school teachers on innovation, entrepreneurship and career development. Bojan has been involved in the development of one regional and three national strategies in Southeast Europe, as well as the implementation of the Global Entrepreneurship Monitor and Innovation Union Scoreboard in Republic of North Macedonia. In the field of innovation and entrepreneurship, he has published more than 70 bibliographic units (scientific papers, teaching materials, published research reports, handbooks, as an author and/or editor), and had actively participated in more than 30 international conferences. He has various international experience at universities and companies in Austria, Germany, Slovenia, Serbia, Croatia and of course, North Macedonia.

As a Senior Lecturer (FH) at the Institute of International Management at FH JOANNEUM, Mr. Jovanovski is teaching and researching in the field of innovation. Currently, his main research are in the frame of the Erasmus+ projects KnowHub and GREENOVET , which he coordinates.
