Before setting up your company, you should prepare a business concept that contains a financial or marketing plan, among other things. Are you wondering what the point of this kind of plan is, or how to best begin? The sponsored Vienna business consulting provides you with professional consultants. The subsidy provided by the Vienna Chamber of Commerce and Industry amounts to € 60.00 per hour for young entrepreneurs and company founders, and € 40.00 per hour of consulting for companies in their 3rd year onwards. The exact hourly rate must be agreed upon individually with the consultant and must be between € 80.00 and € 150.00.
